

The figure is a scatter plot with three trend lines. The x-axis is labeled 'date' and ranges from July 2025 to July 2026. The y-axis is unlabeled. The data points are colored blue, orange, and green. Three trend lines are shown: a blue line, an orange line, and a green line. The blue line starts at approximately 11.3 and ends at approximately 10.2. The orange line starts at approximately 11.3 and ends at approximately 10.2. The green line starts at approximately 11.3 and ends at approximately 10.2. The data points are scattered around these lines, with some points showing significant deviation from the trend.
